Dear Shorthorn Breeders,

The sale this year offers the same outstanding quality cattle as the state sales we have had over the past years.

The bull offering this year offers the top blood lines from around the world. The largest number of these bulls will be ready for service.

The females are always in great demand and this year's selection is no different. We have some outstanding females to offer you.

Every year the club calves have been received very well. They are of top quality and have proven themselves by being champions across the state area.

If you need any assistance as far as reservations, transportation to and from airport or any information concerning the sale, please contact me.

Please be present for the sale November 5. It will be your herd improver day.

## **STANDARD GUARANTEE**

(Recommended by American Shorthorn Association)

- A.** Proper care must be given to purchaser to protect breeding qualities and health of guaranteed animals.
- B.** All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C.** With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, or proving to be in calf, must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D.** When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E.** In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy, if such a certificate is required by the seller.
- F.** All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs vaccination Certificate. Announcements will be made covering animals not clean from vaccination.
- G.** Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H.** All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

Pa Do Maxi Streak 558x - By the great breeding streak bull whose sons have been so well received. Eye appeal, culebility, style and correctness set this bull off as a great prospect. His Brute mother has a really tremendous heifer on her now that's right at the top of our herd. His grandam was one of the wonderful big Clyde Miller cows. Deeply polled. Semen tested.

Pa Do Impact Streak 625 - Our SECRET AGENT. An excellent combination of length, eye appeal, and red meat. Sired by Streak whose calves have been a sensation wherever they go. His dam her first calf, is apparently working from the looks of this great herd bull prospect she has produced. His grandam is a tremendous breeding cow. We can recommend this bull without reservation. Dehorned. Semen tested.

Jenny - a long modern daughter of Wexvale Prince Norton - the champion bull of the state fair in 1974 and Champion bull at Kansas State Sale in 1976. Jenn's mother is a daughter of Weston Fullback which KABSU bought at the performance indexing center sale at Stanford Montana - Fullback was 2nd out of 37 shorthorn bulls on weight per day of age - yearling weight and yearling index. Due to shortage of space we have to sell this good female.

S A Super Queen is the best heifer we have ever raised. She is a little young in age but great in confirmation. Her dam is mother of spotted heifer that Dennis Roberts, Arcadia, Oklahoma showed so successfully in 1975. We weighed her on 9-30-77 and she weighed 330 lbs. Weight per day of age at 117 days was 2.82

Pictured S.A. Super Queen daughter of the "Great" Mandalong Super Elephant she sells as lot 65 - pictured at 2½ mo.
